The Canadian Rockies

"..a well-priced, beautifully presented coffee table book showing the splendour of the Canadian Rockies in all seasons."

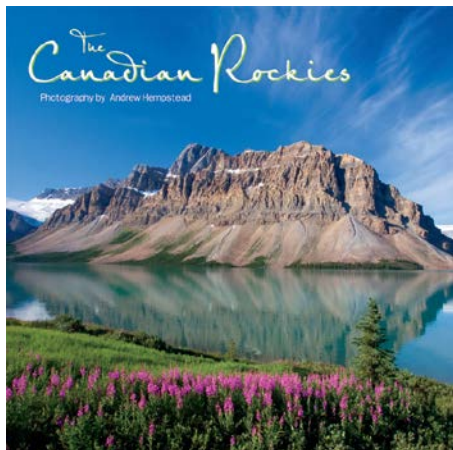

An appealing price point, stunning images, and high quality printing has helped our signature pictorial book, *The Canadian Rockies*, become a Canadian bestseller. Following this success, we have updated many images and reprinted for 2013 with two new and even more eye-catching covers. Includes a full colour map and index.

Here are three reasons this book is a bestseller:

PRICE POINT: This is the only Canadian Rockies hardcover coffee table book under \$20.

STUNNING IMAGES: From scenic highlights to rare wildlife, the image quality and selection is unmatched—and completely up to date.

INTERESTING CAPTIONS: Each image is accompanied by an informative caption. Rather than simply describing the photos, the captions provide an insight into the region.
