## *Icefields Parkway*

Through stunning imagery and interesting passages of text by renowned local writer Brian Patton, *Icefields Parkway* is a wonderful souvenir of one of the world's most scenic drives.

It's no secret the 230-kilometre (143-mile) Icefields Parkway is a must-see for Canadian Rockies' travellers, but the number of worthwhile stops is almost overwhelming. In this book, Patton breaks down the drive into easy-to-manage sections, with detailed descriptions of the most worthwhile stops and highlights, which range from the physical beauty of Peyto Lake to the vast grandeur of the Columbia Icefield and from high alpine passes to hikes to hidden lakes.
